Response Number 316

Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

Not enough technical details on how Real Time eInvoicing would work, what it entails, if there would be an additional software to install in order to comply with the domestic reporting or directly to the Vat authority.

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

Additional future cost that may occur, if any, for the business to comply with the proposed changes

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

N/A

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

As straightforward as possible, minimal time involved in preparation

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

N/A

Q.6 What suggestions would you offer in Ireland's arrangements for a mandatory B2B and B2G eInvoicing programme?

N/A

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

N/A
