Response Number 1092

Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

Nothing about this is easier and seamless. This is pushing even more administrative burden onto accounting firms that are struggling to cope with all the red tape and additional reporting brought in over the last number of years. What would be easier is updating the VAT3s to include the data for the RTDs

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

It shouldn't put further administrative burden onto accounting firms

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

See point 1

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

administrative burden onto accounting firms
