Response Number 162

Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

not good fro small businesses as probably requiring investment in technology , competencies and additional IT support - all costs with no return

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

all tools should be free of charge and managed via web tools not requiring investment in IT technology by the company

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

we do not yet do so

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

concern is the cost for the companies in passing to these new way

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

we do not have it

Q.6 What suggestions would you offer in Ireland's arrangements for a mandatory B2B and B2G eInvoicing programme?

I do not know sufficiently to comment

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

Offer more Q&A on rate related to products / even online AI assistance if possible
