Subject: [External] Vat Modernisation Consultation

Dear Sir/Madam,

The FSSU was established in 2005 to provide support in relation to financial governance for boards of management in voluntary secondary schools. Our remit was expanded to provide this support to primary school boards in 2017 and further expanded to boards in the Community & Comprehensive sector in 2018. I attach the Department of Education Circulars 60-2017 and 02-2018 for your information. We also ensure that all boards of these schools comply with the financial reporting requirements of the Education Act. We collect and collate approved financial accounts from all boards of management under our remit annually on behalf of the Department of Education. We also provide guidance to boards of management in relation to their obligations to Revenue.

We worked closely with yourselves supporting the roll out of PAYE Modernisation and would welcome the opportunity to do the same for the VAT Modernisation project.

Please feel free to contact us at your convenience,

We look forward to hearing from you.

Kind regards,
[redacted]
