Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

I don't feel this is a good idea especially for me as I can't work Revenue at the best of times

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

I don't understand the question as I feel I have not got a clue when it comes to reporting. do you mean. when you pay a bill then claim it or do you mean when you get a bill claim it?

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

No I do not do work out of Ireland because I feel it is way to complicated paper work etc.....

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

Yes more cost that I do not have

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

Not For me

Q.6 What suggestions would you offer in Ireland’s arrangements for a mandatory B2B and B2G eInvoicing programme?

none as I state I have not got a clue on this matter I work off excel this suit me

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

I complete my vat return every 4 months and at that my does this. She struggled with live system on the payroll in her old job although Revenue says this was easy. there will be errors all over the place and I feel why change for small businesses
