Response Number 388

Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

Good as an Option but a disaster for me, I issues 3-4 invoices a year and catch - it would just make it more of an administrative problem
Please consider the small sole trader for which even 6x p.a. is too much, thanks

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

Those for whom its too much
Cyber-risk - if it could be attacked, Govt' doesn't receive money; businesses falter

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

N/A

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

see answer to 1/2 - mandatory would kill my business

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

N/A

Q.6 What suggestions would you offer in Ireland’s arrangements for a mandatory B2B and B2G eInvoicing programme?

please don't
consult with sole traders

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

There's no guide to what it means
How about having an approved list of software apps to calculate; work with Enterprise Ireland if they don't exist
