Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

We are a small business that issues 4 or 5 invoices a week

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

It should really depend on the size of the business & the costs involved for implementing this to that business .

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

N/A

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

It means that all businesses will have to have their accounts up to date & be prompt in sending their invoices.

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

N/A

Q.6 What suggestions would you offer in Ireland's arrangements for a mandatory B2B and B2G eInvoicing programme?

We would require some training to help the setup process.

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

I think there should be a threshold for a business to partake in this.
