Response Number 29

Q.1 What are your views on the proposal to introduce real-time reporting for B2B and B2G transactions?

I don't really understand it, I am an expert on doing glass replacement but not on accounting software, is very confusing to me

Q.2 What matters should be considered in planning for a transition to a new VAT Reporting system?

making very-very easy for normally people that don't have accountancy training

Q.3 If your business is currently subject to a VAT reporting programme in another EU or non-EU country, can you please share best practice, recommendations or lessons learnt?

N/A

Q.4 Have you any observations, concerns or recommendations on a move to mandatory electronic invoicing for B2B & B2G domestic VAT transactions?

no recommendations as i don't understand it

Q.5 Revenue is particularly interested in hearing views from businesses that are already engaged in eInvoicing Public Bodies within Ireland or engaged in B2B eInvoicing throughout Europe and beyond. How did you prepare and what challenges prevailed in your preparations for eInvoicing?

In guess i need to find a computer program that allows me to do that meaning more time and cost for me

Q.6 What suggestions would you offer in Ireland’s arrangements for a mandatory B2B and B2G eInvoicing programme?

why don you design an easy to follow computer program that allows us to follow protocol bearing in mind when doing so to be easy to use for carpenters, electricians, glass fitters etc

Q.7 Revenue are cognisant that small businesses may have different perspectives and requirements to large businesses, so what information prompts would you find useful for businesses in completing the VAT return?

again and again making the language easy to understand for people that don't have college degreed or accountancy knowledge
