Employment Wage Subsidy Scheme (EWSS)

The EWSS is an economy-wide enterprise support. The Scheme provides a subsidy to qualifying employers based on the numbers of eligible employees on the employer's payroll. EWSS replaced the Temporary Wage Subsidy Scheme (TWSS) from 1 September 2020. The TWSS and the EWSS are operated by Revenue through the payroll system. The EWSS will close to new employer registrations from 1 January 2022 and will conclude on 30 April 2022.

There are **26,600** employers currently registered with Revenue for EWSS.

EWSS payments are paid following the receipt of a payroll submission containing an EWSS claim and provide a significant positive cashflow boost for businesses. The current rates of subsidy payable under the EWSS will continue to end November 2021, with new rates taking effect for December 2021 to February 2022 and for March to April 2022.

Business Resumption Support Scheme (BRSS)

The Business Resumption Support Scheme (BRSS) is new, additional support for businesses impacted by COVID-19 and is available from September 2021.

The BRSS is a targeted support for companies, self-employed individuals, partnerships as well as certain charities and sporting bodies that carry on a trade that was significantly impacted by COVID-19 public health restrictions, including where the impact has continued after the easing of the restrictions. The Scheme is available to businesses that were actively trading on 1 September 2021 and intend to continue doing so. Businesses are required to fully meet the qualifying conditions of the scheme, as set down in the legislation. Eligible businesses may make a claim for support under BRSS irrespective of whether they have previously qualified for other COVID-19 related Government schemes.

Eligible businesses can now register for BRSS via the e-Registration facility in ROS. Registration is a necessary first step for businesses to access the Scheme. Once registered, eligible businesses can make a claim at any time up to 30 November 2021 for the single payment support via the eRepayments facility.

A qualifying person may make a claim under BRSS for a single payment which will be equal to three times the average weekly turnover of the relevant business activity for the applicable reference.

Registration for BRSS opened on 6 September 2021. So far, **2,150 businesses with 2,300 trades** have availed of BRSS and claims of **€6.8 million** have been made under the Scheme.

COVID Restrictions Support Scheme (CRSS)

The CRSS is aimed at businesses impacted by COVID-19 restrictions. Under the CRSS, a qualifying person who carries on a business activity that is impacted by COVID-19 related restrictions, such that the business is required to prohibit or considerably restrict customers from accessing its premises, can make a claim to Revenue for a payment, subject to a maximum of €5,000, for each week that it is affected by the restrictions. Payment will be made generally within 3 days of the submission of a qualifying claim.

Additional CRSS payment for businesses applied during the Christmas 2020 period for the weeks beginning 21 December 2020, 28 December 2020 and 4 January 2021, and provided double the amount of the weekly CRSS support payment, subject to the statutory maximum payment of €5,000 per week.

Since 10 May 2021 businesses resuming trading activities can claim enhanced "restart" payments to assist them with the additional costs of reopening. Once a business makes a claim for the enhanced restart payment, it no longer qualifies for CRSS.

There are currently **40 businesses with 150 premises** registered for CRSS.
