

Load Certificate – MAC

The following steps will help you find and load the most recent version of your certificate:

On the [ROS Login screen](#), click "**Manage My Certificates**".

ROS Secure Login

Revenue Online Service

No certificates are loaded in this browser

Click "Manage My Certificates" to load a certificate from the certificate backup file or [CLICK HERE FOR HELP](#) with locating and loading your ROS certificate file.

Manage My Certificates

If you have not yet retrieved your ROS certificate, please complete the ROS registration process:

[Register for ROS](#)

If you experience problems, please visit [ROS Help](#)

Useful Links

Revenue Online Service (ROS) enables you to view your own, or your client's, current position with Revenue for various taxes and levies, file tax returns and forms, and make payments for these taxes online in a variety of ways

Individuals registered for PAYE or LPT only should use [myAccount](#)

Income Tax - You can meet the pay and file deadlines by filing your Income Tax Form 11 **now** and using a ROS Debit Instruction to set a **future** payment date

Manage My Certificates

Load Certificates:

You must load the latest version of your certificate: [CLICK HERE FOR HELP](#)

Choose Certificate

Enter Password

[Reset Login](#)

Certificates already loaded in this browser:

| Certificate Name | Save | Remove |
|--|------|--------|
| You currently have no certificates loaded in your browser. | | |

For more information please click on the [i](#) buttons or go to the [ROS Help Centre](#)

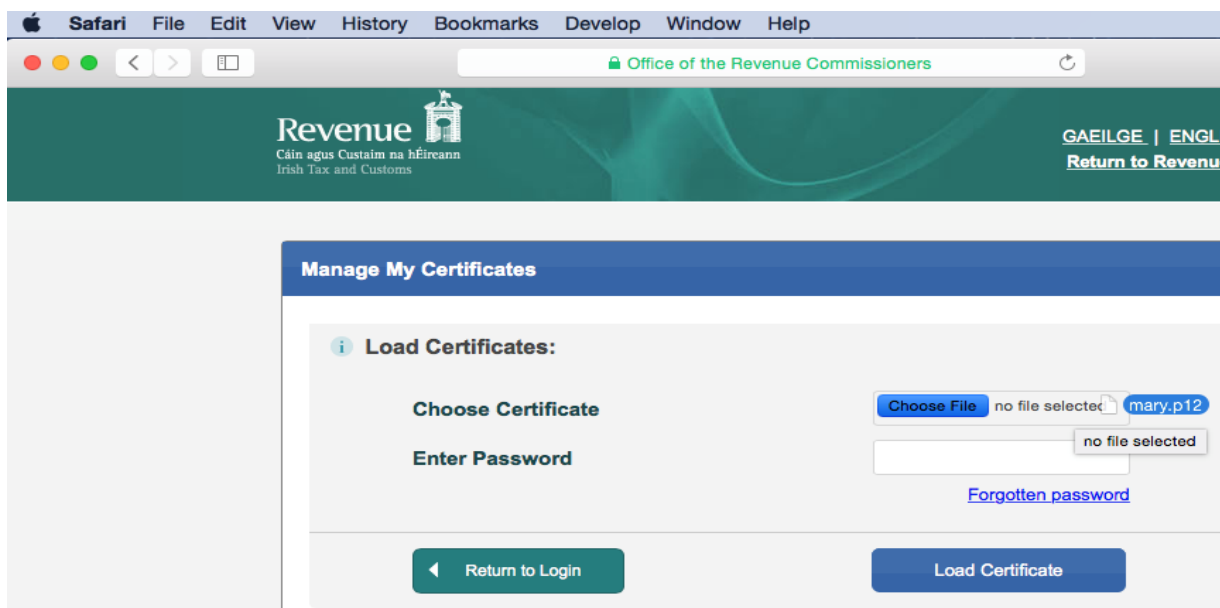

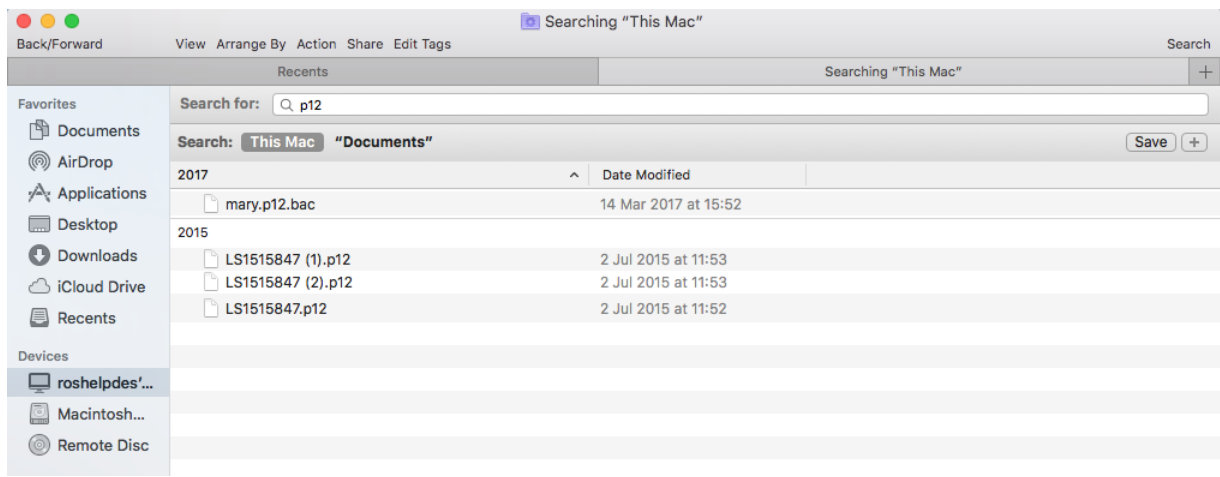

While the Load Certificates screen is visible, open a Finder window and drag it to the side so you can see both windows.

In the Finder search box in the top right, type in **p12**

When the search is complete, identify the most recent file for your certificate from the Date Modified – it will usually be either a .p12 file or a .p12.bac file.

Drag certificate file (.p12 or .p12.bac) from the Finder window and drop it on the Choose File or Browse button in the browser window.

If you cannot find a .p12 or .p12.bac file check if you have a file named Unknown in your Downloads folder instead – you will have to rename this file to be a .p12 file.

The certificate file name should now be displayed beside the “Browse” or “Choose File” button.

Type your ROS login password into the password box and click the “Load Certificate” button.

Manage My Certificates

Load Certificates:

Choose Certificate mary.p12 (1).bac

Enter Password

[Forgotten password](#)

Certificates already loaded in this browser:

| Certificate Name | Backup | Remove |
|--|--------|--------|
| You currently have no certificates loaded in your browser. | | |

For more information please click on the **i** buttons or go to the [ROS Help Centre](#)

You should now see the message "Certificate details have been imported successfully from file" displayed on your screen.

Click the "Return to Login" button.

Manage My Certificates

Load Certificates:

Choose Certificate No file selected.

Enter Password

[Reset Login](#)

Certificate details have been imported successfully from file.

Certificates already loaded in this browser:

| Certificate Name | Save | Remove |
|------------------|--|---------------------------------------|
| mary | <input type="button" value="Refresh"/> | <input type="button" value="Remove"/> |

For more information please click on the **i** buttons or go to the [ROS Help Centre](#)

Your certificate name should now be displayed and you are ready to log in to ROS.

The screenshot shows the Revenue Online Service (ROS) Secure Login page. The page has a dark green header with the Revenue logo and text in Irish and English. The main content area is white with a blue header for the login form. The form is divided into three steps: 1. Select Certificate, 2. Enter Password, and 3. Login. The first step shows a dropdown menu with 'mary' selected and a 'Manage My Certificates' link. The second step shows a password input field with 'Change password' and 'Reset Login' links. The third step shows a 'Login to ROS' button and a 'ROS Help' link. To the right of the login form, there is a section titled 'Revenue Online Service' with a description of the service. Below this, there is a 'Useful Links' section with three links: 'View Latest Revenue News', 'EU VAT Customers', and 'ROS Offline Application'.
