

Error	Description
EMAN000001	Business nationality is invalid or empty
EMAN000002	Value is empty or unknown
EMAN000005	The deconsolidated Transport Document must have an "Accepted" or "Registered" status
EMAN000010	When Nil Cargo is "True", Transport Documents, Lines of Packages and Container information cannot be captured
EMAN000011	The sum of packages for all TDs of the deconsolidation SD must be at least equal to the declared number of packages in the referenced consolidated TD
EMAN000012	The total gross weight of the Lines of Packages for all Transport Documents belonging to the deconsolidation Summary Declaration must be less than or equal to the total declared gross weight of the consolidated Transport Document
EMAN000014	A House Manifest must have at least two Transport Documents
EMAN000019	The Previous Document must match an existing transshipment Transport Document in the "Accepted" state.
EMAN000043	The air document type is not correct
EMAN000044	The sea document type is not correct
EMAN000046	Airway bill code is not compliant with IATA airway bills check.
EMAN000050	TR number of Carrier is mandatory
EMAN000051	"Mode of Transport" is mandatory
EMAN000052	"SD Trade Movement" is mandatory
EMAN000053	Expected date/time of arrival/departure or deconsolidation is mandatory
EMAN000057	"Identity of the means of transportation" is mandatory
EMAN000062	When Nil Cargo is "True", the type of SD could not be house manifest
EMAN000063	TD ID is mandatory (TD ID consists of SD ID + Prefix + Bill code, so when the later 2 fields are empty the system prompts that TD ID is mandatory)
EMAN000086	"Declared quantity of packages" is mandatory
EMAN000088	The description of the goods is mandatory
EMAN000097	Customs office is not a customs office of Ireland
EMAN000098	Customs office national subdivision is not a national subdivision from the customs office
EMAN000099	If Carrier number is entered it must be a valid number
EMAN000103	"Mode of Transport" code is invalid
EMAN000114	When the Consignee is not registered, its full name and address are to be provided
EMAN000116	No Transshipment Transport Document can be involved in a deconsolidation or Clearance operation
EMAN000125	TD is mandatory
EMAN000128	Trade movement must be "E" or "I"
EMAN000133	If Carrier number is entered it must be a valid EORI number
EMAN000168	"Gross weight" is not from N11,3 format
EMAN000170	"Commodity code" is not from N4-10 format (Need integration with Taric for checking the validity of commodity code)
EMAN000180	"Previous Document" is not from SAD: AN18 format
EMAN000181	"Previous Document" is not from EAD: AN18 format
EMAN000185	When the consignor is "NR", its full name and address are to be provided
EMAN000189	Currency code is unknown. Creation aborted
EMAN000199	More than one TD contains the same unique TD ID
EMAN000200	More than one LP contain the same unique lp no
EMAN000206	Container Number doesn't match the format A4 + N6 + N1 (last digit is a key)
EMAN000207	TD referenced as a previous document is unknown
EMAN000209	The Groupage TDID must match an existing Transport Document
EMAN000210	"Previous Document" is not from ENS: AN18 format
EMAN000301	"Declarant No." is mandatory
EMAN000305	Total number of items is mandatory
EMAN000306	Total gross mass is mandatory
EMAN000307	When manifest is nil cargo , the Place of loading must be

	empty
EMAN000308	When manifest is nil cargo , the Place of unloading code must be empty
EMAN000309	When manifest is nil cargo , Total Number of items must be empty
EMAN000310	When manifest is nil cargo , Total gross mass must be empty
EMAN000311	Simplified procedure is invalid
EMAN000312	When the Consignee is not empty, the field Notify party must be empty
EMAN000316	When Cargo are remaining on board, Location of goods must be empty
EMAN000317	When Cargo are not remaining on board, Location of goods is mandatory
EMAN000324	When the Consignor TR number of SD is empty, the Consignor TR number of TD is mandatory
EMAN000325	When the Place of loading of SD is not empty, the Place of loading code of TD must be empty
EMAN000326	When the Place of unloading of SD is not empty, the Place of unloading code of TD must be empty
EMAN000327	When the Consignee TR number of SD is not empty, the Notify party of SD and TD must be empty
EMAN000328	When the Notify party of SD is not empty, the Consignee TR number of SD and TD must be empty
EMAN000329	When Both the Notify party and Consignee TR number of SD are empty, Either Notify party or the Consignee TR number of TD is mandatory
EMAN000330	Place of loading is invalid
EMAN000331	Place of unloading is invalid
EMAN000332	When Total invoice amount is not empty, Currency Code is mandatory
EMAN000333	When Total invoice amount is empty, Currency Code must be empty
EMAN000334	When the Notify party is "NR", its full name and address are to be provided
EMAN000335	When the Notify party is not empty, the field consignee must be empty
EMAN000336	When Simplified Authorisation at SD level is "0", then simplified procedure is not allowed
EMAN000337	When Simplified authorisation is not "0", Simplified procedure is mandatory
EMAN000338	When Mode of transport is "sea" or "air" and Trade Movement is "Export", "Cargo remaining on board" must be empty
EMAN000339	When Cargo manifest is deconsolidation, "Cargo remaining on board" must be empty
EMAN000342	"Declared quantity of packages" must be empty
EMAN000343	"Number of pieces" must be empty
EMAN000344	"Number of pieces" is mandatory
EMAN000345	"Marks of the packages" are mandatory
EMAN000346	"Container size" is invalid
EMAN000348	"Type of container" is invalid
EMAN000351	Country Routing Codes is invalid
EMAN000352	When total number of items is not empty, it must be equal number of TDs declared on the SD
EMAN000353	When one of Declared quantity of packages is zero, there must be at least one package with the same Marks of the packages and Declared quantity of Packages with value greater than 0
EMAN000354	When total gross mass is not empty, it must be equal sum of gross mass in all Packages of all TDs declared on the SD
EMAN000356	If the Place of loading on all TDs is empty, then the Place of loading on SD is mandatory.
EMAN000357	If the Place of unloading on all TDs is empty, then the Place of unloading on SD is mandatory
EMAN000359	In house manifest, Location of goods is mandatory.
EMAN000363	If Mode of transport is "4", and Groupage TD ID is empty, the document type field must contain "N741", unless the Declarant is defined in EORI list.
EMAN000364	The Declarant must be registered in CRS (no "NR"), and it must have a valid EORI number

EMAN000365	If Consignee number is entered it must be a valid EORI number
EMAN000366	If Consignor number is entered it must be a valid EORI number
EMAN000367	If Notify party number is entered it must be a valid EORI number
EMAN000368	Declarant authorisations/relationships checked by the CRS fails
EMAN000369	If Mode of Transport is "1" (Sea), then identity of the means of Transportation consists either of the International Maritime Organisation (IMO) ship identification number (format n7) or of the European Vessel Identification Number (ENI) (format n8 – must leading "9" allowed) and the "check digit" should match the IMO check digits computation algorithm
EMAN000370	If Mode of Transport is "4" (Air), then identity of the means of transportation consists of the (IATA) flight number and has format an..8(an..3: mandatory prefix identifying the airline/operator; n..4: mandatory number of the flight; a1: optional suffix).
EMAN000372	Cancellation from DTI can only run when the status of the summary declaration is Registered
EMAN000373	Mode of Transport of the summary declaration provided in the cancellation request must be identical with that of the original (first) version summary declaration
EMAN000374	Identity of Means of Transport of the summary declaration provided in the cancellation request must be identical with that of the original (first) version summary declaration
EMAN000375	Scheduled Date and Time of Arrival/Departure of the summary declaration provided in the cancellation request must be identical with that of the original (first) version summary declaration
EMAN000376	Office of the summary declaration provided in the cancellation request must be identical with that of the original (first) version summary declaration
EMAN000377	Cancellation from DTI is only applicable to an existing import summary declaration
EMAN000378	Amend a registered SD from DTI can run when the status of the summary declaration is Registered, Accepted or Discharged
EMAN000379	Declarant in the amendment request must be identical to the Declarant in the original SD.
EMAN000380	Office of the summary declaration provided in the amendment request must be identical to Office of the original
EMAN000381	If the EORI numbers of the Carrier and Declarant provide for the DTI cancellation request and the original Summary declaration also has the EORI numbers, they must be the same.
EMAN000382	Amendment from DTI is only applicable to an existing summary declaration
EMAN000383	Each item number is unique throughout the SD, the items shall be numbered in a sequential fashion, always starting from "1" for the first item and incrementing the numbering by "1" for each following item
EMAN000384	If the Place of loading on any TD is not empty, then Place of loading on SD must be empty
EMAN000385	If the Place of loading on SD is empty, then Place of loading on any TD is Mandatory.
EMAN000386	If the Place of unloading on any TD is not empty, then Place of unloading on SD must be empty
EMAN000387	If the place of unloading on SD is empty, then Place of unloading on any TD is Mandatory.
EMAN000388	Country Routing must be empty for a house Manifest
EMAN000390	If Groupage TD ID is empty, the Country Routing segment is mandatory
EMAN000391	can only contain the value of 1("True") or 0("False")
EMAN000393	UN Dangerous Goods Code is invalid
EMAN000394	The TD should be covered by a Summary declaration matching the Manifest Reference No in the interface or Id of means of transport and ETA (only the date for matching) in this Summary declaration should match those in the interface (Match error 01).

EMAN000395	TD status must be Accepted (Match error 02).
EMAN000396	The TDID in this TD must match the TDID in the interface (Match error 03).
EMAN000397	The quantity of line of packages in the TD should be greater than or equal to the corresponding one in the interface (Match error 04).
EMAN000398	When Simplified procedure is "1", "2" or "3", Total invoice amount is mandatory("M")
EMAN000399	Total invoice amount is invalid
EMAN000400	Consignee cannot be entered both in SD level and TD level.
EMAN000401	Consignor cannot be entered both in SD level and TD level
EMAN000402	Notify party cannot be entered both in SD level and TD level
EMAN000403	When Consolidated indicator or Transshipment indicator is "True", No Clearance operation is permitted on this TD (Match error 05).
EMAN000404	Location of goods is invalid
EMAN000405	Document type is invalid
EMAN000406	Previous Document Type is invalid
EMAN000407	T Status is invalid
EMAN000408	Airline code is unknown. Creation aborted
EMAN000409	Mode of transport in the amendment request must be identical to the Mode of transport in the original SD
EMAN000410	Groupage TD ID of the summary declaration provided in the house manifest amendment request must be identical to Groupage TD ID of the original SD
EMAN000411	Expected Date/Time of arrival in the post acceptance amendment request must be identical to the Expected Date/Time of arrival in the original SD
EMAN000412	Identity of means of transport in the post acceptance amendment request must be identical to the Identity of means of transport in the original SD
EMAN000413	If the Carrier is not registered then Carrier's name, address and nation must be entered
EMAN000414	When Simplified procedure is "1", "2", or "3" and "Value of goods" is greater than 22.01 euros and SD trade movement is "I", then the commodity code is mandatory and must be 10-digit long
EMAN000416	Simplified authorisation is invalid
EMAN000417	If Container Number is not empty or Seals Identification is not empty or Trailer Identification is not empty, the 'Mode of Transport' must be '1'
EMAN000418	If Container Number is empty, then Container size and Type of container can not be used
EMAN000419	If Container Number is not empty, then Container size and Type of container are mandatory
EMAN000420	"Previous Document Reference" is mandatory
EMAN000421	The Summary Declaration registration number is incorrect
EMAN000422	The Transport Document ID is incorrect
EMAN000423	If a Simplified Procedure is 3, a Y type SAD Supplementary Declaration will be required (Match error 06).
EMAN000424	When Simplified procedure is "1", "2" or "3", then the Transport Document cannot be deconsolidated
EMAN000425	If Consignee number is entered it must be a valid number
EMAN000426	If Consignor number is entered it must be a valid number
EMAN000427	If Notify party number is entered it must be a valid number
EMAN000428	No matching line of packages was found (Match error 07)
EMAN000430	The commodity code is invalid
EMAN000999	Please Contact Revenue Manifest Help Desk
EMAN200040	Current customs office cannot accept air manifest
EMAN200041	Current customs office cannot accept sea manifest
EMAN200043	Duplicate Container number
EMAN200044	Duplicate Transport Equipment ID
EMAN300095	The inputted value doesn't match the format of the field
EMAN300096	Mandatory field is not completed
EMAN300097	This field must be empty

EMAN300098	This field must be empty
EMAN999901	Service Timeout
