## 1 Introduction

EU legislation provides for the routine control of feed and food of non-animal origin being imported into the EU. In addition, due to the increased risk associated with certain food and feed of non-animal origin from certain third countries, consignments of these products must undergo controls before their entry into free circulation is permitted.

In Ireland, the competent authorities for carrying out these controls are:

- Department of Agriculture, Food and the Marine (DAFM)
- Health Service Executive (HSE)

Revenue's Customs Service assists in the implementation of these controls by referring consignments of interest to DAFM or HSE, as appropriate.

For the purposes of this manual, the term 'importation' means the movement of feed and food products of non-animal origin into Ireland from countries other than EU Members States.

## 2 Legislation

Details of the relevant legislation in respect of these controls is listed at Annex I.

## 3 Restrictions

### **Border Control Posts (BCPs)**

Products covered by these Regulations may only enter Member States through specific Border Control Posts (BCPs). The BCPs in Ireland are:

- Dublin Port
- Dublin Airport
- Rosslare Europort

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

The products covered by these Regulations cannot be imported via any postal centre and any such products should be detained and the matter reported immediately to the relevant competent authority.

## 4 Action required

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

## 5 Onward Transportation

In exceptional circumstances, the identity and physical checks on consignments may be carried out by the competent authority at the place of destination rather than at the point of importation. In these cases, Customs must ensure that any such movement of a consignment does not interfere with customs controls and that any potential duties payable are secured.

## 6 Risk Information Form (RIF)

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.
