Introduction

This manual outlines the process for cancelling tax registrations where requests have been received in electronic or paper form, or where a Revenue caseworker has indicated that a registration should be cancelled. It covers registrations for Income Tax, Corporation Tax, Employer PAYE/PRSI (PREM), Environmental Levy (eLevy), Value Added Tax (VAT), Customs & Excise (C&E), and Relevant Contracts Tax (RCT), and some minor taxheads.

The main objective of this manual is to regulate the procedures for processing cancellations and to clarify the responsibilities of the key areas involved. It is intended to assist staff with responsibility for any aspect of the cancellation of a tax registration, or staff who in the course of working a case obtain information which indicates that a customer's tax registration should be cancelled. It is particularly relevant for staff in the Business Division Registration Unit (BDREG Unit), Service to Support Compliance Units and Compliance Branches.

Other Divisions where this manual may be of relevance are:

- Large Corporates Division
- Large Cases - High Wealth Individuals Division
- Collector General's Division (Inward Processing Unit, Customer Services Unit and Debt Management Units (DMUs)).

1 Cancellations Requested by a Customer or Agent

When a request to cancel a registration online is submitted, a notification will be sent to the user's ROS inbox providing summary details of the cancellation requested.

1.2 Customers Restricted from Using e-Registration

The categories of customer restricted from using e-Registration are available [here](#). Customers in these categories should request cancellations by completing a [Form TRCN1](#) which is available from www.revenue.ie. Customers not in these categories must submit their cancellation requests electronically.

TRCN1 forms received from agents should be returned and the agent advised to make the cancellation request online.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

1.3 Telephone Requests

Under no circumstances should a cancellation be processed on foot of a telephone request. Where a cancellation request is made by telephone, the customer/agent should be instructed to cancel the registration electronically via ROS. Where this facility is not available to the customer/agent, they should be advised to complete a TRCN1. A note should be entered on iC with appropriate short-text in the note.

1.4 'Compulsory Registered' VAT Cases

The option to cease a VAT registration online is not available where a customer has been compulsorily registered.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

1.6 Cancelling a VAT registration

Since June 15 2019, there have been two tiers of VAT registration: domestic-only and intra-EU. Customers cancelling a VAT registration must now specify whether they wish to cancel both registrations or only the intra-EU registration. It is not possible to cancel the domestic-only registration and retain the intra-EU registration.

The following screens are presented in e-Registration when an agent selects the VAT taxhead for cancellation or opts to remove the intra-EU registration.

DD/MM/YYYY

Notification of VAT Cancellation

Name and VAT reference number

Dear

Despite numerous attempts, I have been unable to establish if your business is still trading or has ever traded.

As there is no evidence that your business is active, you are no longer regarded as an accountable person under Sections 5 and 6 of the Value-Added Tax Consolidation Act 2010 and I am therefore cancelling your VAT registration with effect from dd/mm/yyyy. This VAT registration number is now invalid and cannot be used for business purposes under any circumstances.

Under Section 116(19) of the Value-Added Tax Consolidation Act 2010, should you/your company acquire goods after the date of cancellation without payment of Value-Added Tax in another Member State, you may be liable to pay an amount equal to the amount of Value-Added Tax which should have been paid on the Intra-Community acquisition of the goods, in addition to a Penalty of €4,000.

Should you wish to have the VAT registration restored, you must submit full details of trading activity within the State to support your application.

Yours sincerely,

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.
