Meeting Topic	Customs Consultative Committee
	Revenue Commissioners – Florance Carey (Chairperson), Declan O'Dalaigh, Carol Ann
	O'Keeffe, Siobhan Gerrard, Justin McNally (Secretary)
	Brian Murphy - Charter Institute of Logistics & Transport
	Pat Ivory - IBEC
	Paul Whelan – Dept. of Agriculture, Food and the Marine
	Cathal Sweeney – Dept. of Foreign Affairs
	Stephen Treacy - ICT Ireland
	Arthur O'Connor - Dept. of Agriculture, Food and the Marine
	Seamus Kavanagh - Irish International Freight Association
	Klaudia Dudzinska - IBEC
Attandaga	
Attendees -	Revenue – Celine O'Neill, Keith Hannon, Ronan Gill, Robert Keegan, Maureen Dalton
Virtual	
	David O'Neill (DETE)
	Shane Hughes (Chambers IRL), John O'Loughlin (IBEC), Karl Picard (Irish Exporters
	Assoc), Dave Browne (Customs IT), John Nolan (Irish Road Hauliers Association)
	Zandra Horgan (HFS Customs), John Stanley (FedEx), Dave Field (Coll-8) Alan Cleary
	(Primark)
	Justin McNally – Customs Division – Revenue
Date of	17 <sup>th</sup> June 2024
Meeting	
Venue	Bishop Square Dublin – Conference Room
Introduction	The Chair welcomed everyone to the meeting in person and also online.
	The minutes of the last meeting of CCC held on 27 <sup>th</sup> of March were adopted.
	Chair reminded members that tariffs on EV's coming from China will take effect on the
	4 <sup>th</sup> of July.
	Introduction of a new member has been postponed as membership rules need to be
	amended to cover the entry of new member given that there are now observer
	members. The application on hand will be dealt through email procedure to full
	members.
	On foot of questions that were raised at the last meeting, Arthur O'Connor (DAFM) is
	in attendance to give a brief on how the INIS system works. He outlined that repeat of
	password is a security measure. He outlined how the software system is a bespoke
	software package that was developed to enable DAFM collect data efficiently.
	software package that was developed to enable DAI witcollect data enciently.
	Zandra Horgan brought up an issue where there was an error on one MRN. The
	solution is to lodge a new declaration and obtain a new MRN. However, unless the
	new MRN is linked to the first MRN, DAFM staff would not notice that it was
	connected to initial MRN and hence would not contact the business. Zandra will dela
0	directly with DAFM on this issue to agree the procedure.
Customs IT	Carol Ann updated on the IT systems which are running well at present.
Developments	<ul> <li>AES – older open items to be cleared on the system. This work is nearly</li> </ul>
– Presentation	complete.
<ul> <li>Presentation</li> <li>by Carol Ann</li> </ul>	<ul><li>complete.</li><li>There are some issues with the release of NCTS P5 so live release is delayed.</li></ul>

O'Keeffe	
	<ul> <li>Post code for EORI registrations is now mandatory. Communication will issue</li> </ul>
(Revenue)	shortly to trade and business, and records will need to be updated before
	September or declarations may be rejected.
	<ul> <li>New data set for the AIS System was due to go live in Feb'25. This date is</li> </ul>
	being changed and will likely be in January 2026. As soon as the new date is
	agreed, we will advise trade.
	• NCTS-P6. Ireland will not go live with a combined declaration. It may be added
	at a later date if other MS also implement this option.
Update on UK	No major issues at the moment. 26,139 Health Certs were issued since the January
Developments	31 <sup>st</sup> date.
from	One aspect in dealing with the UK authorities is that since the 30 <sup>th</sup> of April, fees are
Department	now part of the process of those transiting the UK Landbridge. The common user
-	
of Agriculture,	charge applies to commercial movements of animal products, plants and plant
Food, and the	products through the Port of Dover and Eurotunnel. This is charged for:
Marine (Paul	imports entering Great Britain
Whelan)	transits entering and leaving Great Britain
	the charge is £10 and applies to each commodity line in a CHED. The maximum charge
	for one CHED is limited to 5 commodity lines, even if there are more than 5
	commodity lines present in the CHED. At the moment the UK authorities have delayed
	the issuing of the first bills for a 3-month period. The first invoices for April will begin
	to be issued at the end of July 2024.
	The common user charge is in addition to any inspection fees applied by the:
	<ul> <li>port health authority (for animal products and HRFNAO)</li> </ul>
	<ul> <li>Animal and Plant Health Agency (for plants and plant products)</li> </ul>
	There will be additional charges for failing to comply with paying the common user
	charge.
UK	Revenue is not aware of any difficulties experienced by trade since new UK

Celine O'Neill	The Hungarian Presidency are planning two High Level Seminars on Reform with the
	aim of identifying areas of agreement and divergence among MS. An update will be
	presented to ECOFIN in December.
	Revenue is committed to doing a detailed presentation of the Reform and will
	consider doing so in late Autumn but cautioned that it may still not be possible to
	answer all questions at this stage.
Returned	Declan outlined the proofs required to meet the requirement of Returned Goods
Goods Relief	Relief (RGR). He said RGR queries generally relate to three areas:
Declan	1. Second-hand cars – Engagement with SIMI to make it easier for importers to show
O'Dalaigh	that the car was originally exported from the EU. This is done through the 11 <sup>th</sup> digit of
O Dalaigh	the VIN which shows the plant where the car was manufactured.
	2. Food businesses – Customs Division have agreed acceptable proofs with 13 food
	companies to show that the product which left the EU and is returning to the EU
	within 3 years was originally exported and is unaltered. Customs is in discussions with
	a further 10 businesses in this regard.
	3. Personal Items left behind while abroad – When items have been left behind and
	need to be returned, RGR can be claimed where the proofs are available that the
	goods were taken out of the country by the person in the previous 3 years, that they
	own the goods and that they are being returned unaltered.
	Further details on RGR are available on the Revenue website at <u>RGR Information</u> . Any
	queries can be addressed to <u>customsreliefs@revenue.ie</u>
	John Nolan said that when dealing with UK authorities they look for a Certified
	Declaration. Declan will contact John regarding this provision and also ensure material
	on the website is updated.
Customs	<ul> <li>Helpline messaging bypass is now in place and currently being used on a pilot</li> </ul>
Operational	basis.
Forum (Robert	<ul> <li>A dedicated mailbox is in place for forum members to submit operational</li> </ul>
Keegan -	queries/issues /agenda items.
IPFMD)	<ul> <li>The forum received a request for a checklist for documentation. Following review,</li> </ul>
,	the only documentation that is common to a declaration is an invoice. We have
	focused staff training on areas that require specific documentation such as RGR,
	Origin and Japanese imports which will assist trade.
	<ul> <li>Couple of events took place in April following requests from the IIFA with</li> </ul>
	Revenue/DAFM:
	<ul> <li>17 April - Presentations and Tour of Dublin Port - DAFM/Revenue</li> </ul>
	<ul> <li>24 April - CBAM webinar - EPA/ Revenue</li> </ul>
	<ul> <li>The operational forum is still open to any members who would like to join the</li> </ul>
	next meeting is July.
Concerns /	<ul> <li>John Nolan raised issues with the agriculture system and communication with</li> </ul>
issues of	DAFM staff.
members	<ul> <li>Klaudia Dudzinska enquired about the CBAM system and the deadline of July,</li> </ul>
	issue with Default Values and how the UK are to implement the system in NI.
АОВ	Members requested that the association name as well as the attendee name be
	included in the minutes.
Close and	Meeting was finished and all were thanked for attending.
