1. Introduction

This guide outlines the options available to traders for the payment of Customs Duty, VAT, Excise and VRT on imports through Revenue's AEP system.

1.1. Deferred Payment:

A Deferred Payment authorisation allows traders to defer payment of duties and taxes. In all instances lodgement of a guarantee and compliance with the conditions of the authorisation are required. The authorisation allows the approved trader to pay the duties/taxes due by direct debit on a date in the month following the transactions.

Excise Traders operating from a warehouse must operate on a deferred basis only.

1.2. Cash Payment:

In addition to the Deferred Payment Scheme, a trader can operate on a cash basis. Such payments can be made by EFT (Electronic Fund Transfer). Credit must be available on the account before a transaction is submitted. After a transaction is made to an account the credit remaining rolls over from day to day and month to month. No prior authorisation is required to operate on a cash basis.

2. Changes to Customs Deferred Payment from 1st May 2016 under the Union Customs Code (UCC)

Existing holders of Deferred Payment accounts that import goods from outside of the European Union will be obliged to apply for a formal Deferred Payment authorisation, following approval for comprehensive guarantee, before 1st May 2019. Revenue will initiate this process with all existing holders prior to 1st Dec 2018.

Existing holders that only import or move goods within the EU and are subject to Excise or VRT are not required to make any changes to their Deferred Payment account.

Existing or new applicants that wish to use their Deferred Payment Facility for import of goods from outside of the EU and also to import or move goods within the EU will be required to have two separate Bank Guarantees. Revenue advises any traders intending to set up a Deferred Payment account as described in this paragraph to contact the eCustoms Helpdesk - Phone:1890 204 304— Email: aep@revenue.ie in advance of submitting an application.

2.1. Custom Traders

New applications for a Deferred Payment Authorisation to cover goods imported from outside the EU, submitted after the 1st May 2016 must apply for a Comprehensive Guarantee at the same time. The Comprehensive Guarantee must be approved before the Deferred Payment Authorisation can be issued. Application forms for a Deferred Payment Authorisation and a Comprehensive Guarantee are in the links below.

- Comprehensive Guarantee
- Deferred Payment Authorisation Forms

Following approval, a trader will be issued with a paper authorisation. The entire application and authorisation process for customs authorisations will be transferred to a fully electronic system from October 2017.

2.2. Excise Traders

All duty payments on excisable alcoholic products withdrawn from warehouse by newly authorised traders must be secured by way of a Deferred Payment Guarantee (Bank Direct Debit Scheme).

Approved traders must also indicate in writing, the portion of the deferred guarantee they wish to allocate to particular warehouses and naming their Revenue Control Officer.

All excise duty payments on EDE may be paid by deferred payment arrangement or by Cash.

Application for Deferred Payment Approval are available in the link below:
