## 1. Introduction

This guide outlines the options available to traders for the payment of Customs Duty, VAT, Excise and VRT on imports through Revenue's AEP system.

#### 1.1. Deferred Payment:

A Deferred Payment authorisation allows traders to defer payment of duties and taxes. In all instances lodgment of a guarantee and compliance with the conditions of the authorisation is required. The authorisation allows the approved trader to pay the duties/taxes due by direct debit on a date in the month following the transactions.

Excise Traders operating from a warehouse must operate on a deferred basis only.

#### 1.2. Cash Payment:

In addition to the Deferred Payment Scheme, a trader can operate on a cash basis. Such payments can be made by EFT (Electronic Fund Transfer). Credit must be available on the account before a transaction is submitted. After a transaction is made to an account the credit remaining rolls over, from day to day and month to month. No prior authorisation is required to operate on a cash basis.

# 2. Changes to Customs Deferred Payment from 1st May 2016 under the Union Customs Code (UCC)

Existing holders of Deferred Payment accounts that import goods from outside of the European Union will be obliged to apply for a formal Deferred Payment authorisation, following approval for a comprehensive guarantee, before 1<sup>st</sup> May 2019. Revenue will initiate this process with all existing holders prior to 1<sup>st</sup> Dec 2018.

Existing holders that only import or move goods within the EU and are subject to Excise or VRT are not required to make any changes to their Deferred Payment account.

Existing or new applicants that wish to use their Deferred Payment Facility for import of goods from outside of the EU and also to import or move goods within the EU will be required to have two separate Bank Guarantees. Revenue advises any traders intending to set up a Deferred Payment account as described in this paragraph to contact the eCustoms Accounting Unit:

By Phone: 01 738 3677

Or via MyEnquiries:

- select 'Add new Enquiry'
- in the 'My Enquiry relates to' section, enter 'Customs':
- in the 'More Specifically' section,
- enter 'Customs and Excise AEP Accounts', for enquiries relating to AEP Accounts and Deferred Payments

in advance of submitting an application.

#### 2.1. Custom Traders

New applications for a Deferred Payment Authorisation to cover goods imported from outside the EU must apply for a Comprehensive Guarantee in advance. The Comprehensive Guarantee must be approved before the Deferred Payment Authorisation can be issued. The entire application and authorisation process for customs authorisations is processed through an electronic system, the Customs Decisions System.

- <u>Comprehensive Guarantee</u>
- Deferred Payment Authorisation Forms

Following approval, a trader will be issued with an authorisation.

Customs traders can apply for an associated trader authorisation. This authorisation allows an associated trader to make payment of customs duty and other charges against a principal's account. To be approved for this authorisation on a deferred account you must include the details of associated traders on your comprehensive guarantee form of undertaking.

2.2. Excise Traders

All duty payments on excisable alcoholic products withdrawn from a warehouse by newly authorised traders must be secured by way of a Deferred Payment Guarantee (Bank Direct Debit Scheme).

Approved traders must also indicate in writing, the portion of the deferred guarantee they wish to allocate to particular warehouses and naming their Revenue Control Officer.

All excise duty payments on EDE may be paid by deferred payment arrangement or by Cash.

Application forms for Deferred Payment Approval are available in the link below:

#### 2.3. VRT Traders

New or existing authorised traders may operate on a deferred payment basis by completing VRT deferred payment forms. In addition to the Deferred Payment Scheme, a trader can operate on a Cash basis. Such payments can be made by EFT (Electronic Fund Transfer). Credit must be available on the account before a transaction is submitted.

## 3. Deferred Payment

#### 3.1. Customs Application

The application for Deferred Payment authorisation must be made through the Customs Decisions System.

Commission Implementing Regulation (EU) 2013/952, the Union Customs Code, states that the customs authorities shall authorise the deferment of payment of duty as outlined in Article 110 of the code.

Article 111 of the code sets out the periods for which payment is deferred.

Commission Delegated Regulation (EU) 2015/2446 Title I, Chapter 2, Section 2, Articles 16, 17 and 18 outline the process where suspension of the authorisation will apply.

Commission Implementing Regulation (EU) 2015/2447 Title I, Chapter 2, Section 2, Article 15 outlines where an authorisation may be revoked.

#### 3.2. EDE / VRT Application

The application forms must be signed by a Company Secretary or Director in the case of a limited or other incorporated company. In the case of a partnership by one of the partners, or in the case of a sole proprietorship, by the proprietor. The only exception to the above is where there is a non resident Secretary/Director of the company in Ireland. In this instance an individual, who has power of attorney, may sign the forms. However a copy of the power of attorney must be forwarded with the application.

The guarantee must be provided by a bank/credit institution authorised to carry on banking business in the State under Irish legislation. The guarantee must be branded with the bank/credit institution official stamp respectively. The Irish Central Bank website may be consulted for a list of those bank/credit institutions authorised to carry on business in the State.

#### 1. Cancellation of Guarantee:

4.1. Existing Customs Traders / new and existing VRT and Excise Traders

The guarantee is ongoing and stays in place until cancelled in writing by the Guarantor giving 7 days notice.

A guarantee may be revoked by the competent authority where the holder of the authorisation fails to fulfil the conditions laid down for the authorisation.

Please note that a guarantee can only be cancelled by the Guarantor and the competent authority.

#### 4.2. Comprehensive Guarantees

Commission Implementing Regulation (EU) 2015/2447 Title III, Chapter 1, Section 1, Article 151 and Commission Delegated Regulation (EU) 2015/2446 Title III, Chapter 2, Section 1, Article 82 apply.

The customs office of guarantee may revoke the approval of the undertaking by a guarantor at any time. The customs office of guarantee shall notify the revocation to the guarantor and the person required to provide the guarantee.

The revocation of the approval of the guarantor or of the undertaking of the guarantor shall take effect on the 16th day following the date on which the decision on the revocation is received or is deemed to have been received by the guarantor.

A guarantor may cancel his undertaking at any time. The guarantor shall notify the cancellation to the customs office of guarantee.

The cancellation of the undertaking by the guarantor shall take effect on the 16th day following the date on which the cancellation is notified by the guarantor to the customs office where the guarantee was provided.

## 5. Insufficient Guarantee

5.1. Existing Customs Traders / new and existing VRT and Excise Traders

If a trader is nearing the limit of the guarantee, credit may be extended in two separate ways:

- 1. A new <u>guarantee form</u> can be completed by the Guarantor for the new amount, and/or
- A cash top-up may be lodged to the traders approved account by means of EFT (Electronic Fund Transfer). Traders may top-up as many times as they wish each month. Once a payment has been made, the relevant Cash Office should be notified through <u>My Enquiries</u> to have the payment allocated to their account. Bank details are available on request from <u>ecustoms@revenue.ie</u> or Phone: 01 738 3677

5.2. New Customs Traders under Comprehensive Guarantee

If a trader is nearing the limit of the guarantee, credit may be extended in two separate ways:

- 1. Apply for an amendment to the Comprehensive Guarantee.
- 2. A cash top-up may be lodged to the traders approved account by means of EFT (Electronic Fund Transfer). Traders may top-up as many times as they wish each month. Once a payment has been made, the relevant Cash Office should be notified through <u>My Enquiries</u> to have the payment allocated to their account. Bank details are available on request from ecustoms@revenue.ie or Phone: 01 738 3677

- 3. Payment of October, November and Half of December liability is due four working days in advance of December 25th.

## 7. Trader Statements

During each month a trader may receive two monthly statements outlining the balance of their C&E accounts. These statements are issued after each bank run. VRT account traders can only receive one monthly statement. If traders have multiple C&E and/or VRT accounts they will receive a statement for each account. Statements are only produced in respect of the "Payer", i.e. they are not produced for declarants etc.

All traders will receive a statement with the exception of those who have only one transaction and one payment balancing this transaction on their account. These statements should reach the payer no less than five days before the money is debited from the trader's bank.

The Monthly Statement will contain lists of all transactions and will be available to view on <u>ROS</u>.

A weekly transaction list is also available on ROS. Weekly statements are produced for the Declarant and Importer/Exporter. They display all transactions that were received from Monday to Sunday for the targeted week. For any week that is split across two months, two separate reports will issue – one for each of the corresponding months.

If a customer has multiple C&E accounts they will receive a weekly statement for each C&E account. Similar weekly transaction lists are available for VRT customers.
