1 Introduction

MyEnquiries is a structured online contact facility that allows customers to securely send and receive correspondence to and from Revenue.

A new tracking system has been developed in MyEnquiries; which allows customers, both agents/advisors and taxpayers, to:

- view the current status of an enquiry they have submitted via MyEnquiries, and;
- see the current 'location' (Division) that is dealing with their enquiry.

This development seeks to provide additional information, on status and location/Division, to our customers without them needing to initiate a new enquiry. In that way, it should make MyEnquiries a more effective service for our customers.

2 Customer/agent view of status in MyEnquiries

2.1 Enquiries Record includes 'status'

Customers can 'track' the progress of an enquiry on their Enquiries Record. A new 'Status' column is added on the Record.

2.2 Status

The enquiry 'status' visible on the Enquiries Record for all enquiries is one of the following:

Status	Description
Pending	Indicates the enquiry has been received by Revenue and will be routed into a queue to be processed.
In Progress	Indicates that the enquiry is currently in a queue to be processed.
Completed	Indicates that the enquiry has been completed by Revenue.
Awaiting Feedback	Indicates that Revenue has requested something from the customer and is waiting on a reply.
Revenue Initiated	Indicates the message was sent from Revenue.

The following material is either exempt from or not required to be published under the Freedom of Information Act 2014.

[...]

3 Location where enquiry is being dealt with

In addition to the status that are listed in paragraph 2.2 above, the tracking system also gives information on where the enquiry is, or was, processed. By clicking on the enquiry, agents/advisors or taxpayers will see the detail of the enquiry on an 'Interactions Screen'. Each enquiry includes information about the location or Division in Revenue where the query is 'assigned' or being dealt with.
